Title: Director - Information Technology Services
Dept.: Information Technology Services
Reports to: Director
Effective Date: January 2019

Job Description

General Position Summary:
Plans the overall technological direction of the Information Technology Services Department. Supervises managers who direct the staff and systems in the Department. Manages the integration of new technology and programs into the existing KCLS technology environment. Projects a service ethic and process through the department to staff and public customers.

Essential Duties/Major Responsibilities:

Any of the following duties may be performed. These examples are not necessarily performed by all incumbents, however, and do not include all specific tasks an incumbent may be expected to perform.

1. Manage and facilitate forward progress on projects.
2. Manage interdepartmental relations and activities to insure effective operations coordination and minimize operational dysfunction.
3. Research new technologies for applications in the KCLS.
4. Manage budget and purchasing functions.
5. Monitor general staff satisfaction and service to KCLS staff.
6. Respond directly to KCLS staff to resolve individual problems.
7. Reconcile relationships and politics at an administrative level.
8. Assist Information Technology Managers in the management of their departments.

Secondary Duties:

1. Management of relationships and processes which influence inter-departmental operations.
2. Service on non-technology related projects and initiatives.
3. Other related projects or activities as assigned.

Core Competencies:

Valuing Diversity
Manages relationships with all kinds and classes of people inclusively and equitably; respects, values, and encourages the unique dimension each employee adds to the organization and each member of the community brings to the whole. Seeks opportunities to learn about differences.

Customer Focus
Primarily focused on customer needs, able to deliver high quality, value added services.
Constantly strives to find new ways to increase customer satisfaction and understanding, foster equitable services, and forge meaningful connections.

**Ethics, Values and Judgement**  
Exercises best judgment, trustworthiness, and professional standards of conduct; consistently demonstrates organization’s values, moral principles, and accountability through behavior, character, and action. Defends intellectual freedom and confidentiality.

**Professional and Technical Knowledge**  
Demonstrates proficiency in professional and technical skills and/or knowledge in position-related areas; purposely keeps up with current developments and trends in areas of expertise, in order to better foster personal success and connections for others.

**Coaching and Counseling**  
Facilitates the development of other’s knowledge, abilities, and skills to fulfill job and role responsibilities more effectively. Provides timely feedback, guidance, and encouragement to help others achieve better performance and goals; builds confidence of others.

**Managerial Courage**  
Tactfully provides direct and actionable feedback in a timely manner, is open and direct but not intimidating; deals head-on with people and problems even in the most difficult situations.

**Decision Quality**  
Makes decisions and solves problems, can deal adeptly with varied levels of complexity, ambiguity, and risk; takes responsibility and accepts ownership for decisions regardless of outcome. Responds promptly and appropriately in crises situations.

**Vision and Strategic Thinking**  
Supports, promotes, and ensures alignment with the organization’s vision, mission, and values; holds big picture view while setting priorities, often uses breakthrough strategies to find the way forward.

**Drive for Results**  
Focuses on results and desired outcomes and how best to achieve them; does not confuse effort with results. Gets the job done.

**Accountability**  
Holds self, direct reports, and others accountable for achieving intended outcomes; follows up and monitors progress to ensure that things stay on track; models organizational values and norms.

**Managing Change**  
Embraces organizational changes and their rationale, models behavior needed during improvements in organization’s effectiveness, competitiveness, and public service delivery; manages own reactions and supports others in the process.
DESIRED MINIMUM QUALIFICATIONS

Education and Experience:

- Bachelor’s degree or equivalent specializing in computer science, management information systems, information technology, or a related field.
- Eight to ten years’ experience in technology administration in a large organization.
- A combination of programming, customer service, networking, management and administrative skills combined with an intuitive sense of managing relationships and groups and a commitment to a belief in the value of automation in the KCLS.

SPECIAL REQUIREMENTS

None.
